

High Lumen LED Corn Lights

Applications

Our LED Corn Lights, with their patented design, include the driver/control board in a separate chamber than the LEDs, which provides advanced heat dispersion. High-quality components, such as high-grade Samsung LEDs, combined with high-quality workmanship and a unique, patented heat sink ensure you'll get 50,000 hours of lamp life out of these energy-saving lights.

Features

- High-grade Samsung LEDs
- Patented heat dissipation for 10-year average lamp life
- High-quality internal driver
- E39/E40 mogul base
- DLC & UL certified
- 5-year warranty
